

BULLETIN

RE-REGISTER YOUR GAMES WHEN YOU MOVE THEM!

UPDATE YOUR ONLINE LOCATIONS

The Find-A-Game app is the most used feature on the LIVEWIRE player website. Players are looking for places to play your Golden Tee LIVE, Silver Strike LIVE and PowerPutt LIVE games. **If your locations aren't listed properly, players will visit your competitors and you will lose out on substantial earnings!**

● **UPDATING YOUR LOCATIONS IS EASY!**

Simply log in to your secure Operator Account at itsgames.com and select **Manage Cabinet Locations**. You can review your current location list and edit any that are incorrect.

Or, fax in an ITNet Game Registration Form with corrected location info to 847-454-9156 and IT will enter the data for you. Forms can be found in your LIVE game manuals and in the Support section of itsgames.com.

● **UNREGISTER OUT OF SERVICE GAMES**

If you have pulled any online games from your route, even temporarily, please fax in a Game Registration Form to 847-454-9156 and check the Unregister box. This will remove the game from the Find-A-Game app so players are not disappointed when visiting that location.

THANK YOU FOR SUPPORTING ITNET!
